## DELIVERY SERVICE AGREEMENT

To better serve our customers, please check type of service you prefer.

So there is no misunderstanding, if changing type of service you currently have, the service will not be changed until this completed form is signed and returned to the offices of Parsch Oil & Propane. The minimum delivery requirements for propane are 200 gallons and 150 gallons for fuel oil.

### PLEASE CHECK TYPE OF SERVICE DESIRED

- KEEP FILL** – Keep fill service allows Parsch Oil & Propane Co., Inc to fill your tank as needed at any time as long as customer has no previous invoice or deliveries not completely paid. \* \*\*

- WILL CALL** – Will Call service means Customer will call for product as needed and delivery will be made when scheduling allows, up to 5 days. It is extremely important for customers to call when their tanks are at 30% for propane customers and at ¼ tank for fuel oil customers. If a propane tank is empty, a leak check will be required with an additional fee. \*\*
